## (54) FACSIMILE COMMUNICATION SYSTEM

### (57)Abstract:

**PURPOSE:** To attain ease of setting accurately by setting various functions of a facsimile equipment through the input operation from a host computer connected via a telephone line.  
**CONSTITUTION:** A facsimile interface 3 is provided in a host computer 2 and the various functions provided to the facsimile equipment 1 are set by remote control by means of an input device 18 provided to the host computer 2 connected via a telephone line 4. Thus, the setting is implemented easily and accurately and a trouble of facsimile communication due to an erroneous input is prevented.

## LEGAL STATUS

[Date of request for examination]

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number]

[Date of registration]

[Number of appeal against examiner's  
decision of rejection]

[Date of requesting appeal against  
examiner's decision of rejection]

[Date of extinction of right]
